Developmental Services Center's mission is to enhance the lives of individuals with disabilities by providing services and supports which enable them to live, work, learn, and participate in their communities.

As a tax-exempt, not-for-profit corporation, DSC serves individuals who may have epilepsy, cerebral palsy, autism, cognitive disabilities, Down syndrome, or other disabling conditions. Individuals seeking services may experience functional or environmental challenges that require extra support to live more fulfilling lives. These challenges may include adequate daily living skills, adequate work skills, recognized social behaviors, or the ability to access community transportation.

Direct and indirect services to be provided include prevention, intervention/treatment, habilitation/rehabilitation, and support/maintenance.

The mission of the Family Support Network is to unify individuals with disabilities and their families to advocate for funding, services, and community resources that strengthen and support the individual and the family directly by responding to their individual needs and empowering them to live in their own homes. The Family Support Network further seeks to ensure the continuation of all individual supports throughout the life span of the individual.
