Geographic Area

Cook, DuPage and Will Counties

Service Facilitation provided for both children and adults.

The ChildBridge Community Services Program at Little City Foundation provides services that are designed by the individual and his/her family. We deliver those services in people's homes, neighborhoods and communities. We work together with each individual and his/her family to ensure that the supports we provide help people reach their dreams. The staff of the ChildBridge Community Services Program is passionate about supporting individuals with developmental disabilities to discover their strengths and reach their dreams. We work hard to listen, and harder to build experiences that connect the children and adults in our program to the life that they want to live. Through the DHS Home-Based Medicaid Waiver program, ChildBridge offers Service Facilitation, Personal Support and Behavioral Intervention services.

The mission of the Family Support Network is to unify individuals with disabilities and their families to advocate for funding, services, and community resources that strengthen and support the individual and the family directly by responding to their individual needs and empowering them to live in their own homes. The Family Support Network further seeks to ensure the continuation of all individual supports throughout the life span of the individual.
